THE GENESIS AND JOURNEY OVER 80 YEARS

"Mukand Institutions" have been achieving eminence in the field of Education and Health Care for more than nine decades, and have won accolades and applause of academicians, scholars, corporates, students and the varied sections of the society, for their selfless services to the masses at large in the states of Haryana and Uttar Pradesh.

The astounding journey of service began with the zest and zeal, compassion and commitment of the pious soul, Seth Mukand Lal Ji - a close disciple of Mahatma Gandhi. Inspired by the spirit of the freedom movement to serve the society, he vowed to dispel the darkness of ignorance & illiteracy by lighting the lamp of knowledge and establishing educational institutions. From Lahore, he came back to his roots i.e. Radaur- Abdullapur (now Yamuna Nagar) to set up the first High School in 1946.

As it is said that the journey of thousand miles begins with a single step, this noble tradition and legacy was inherited by his son, Seth Jai Parkash Ji who, not only, nourished the institutions started by Seth Mukand Lal Ji but also established twelve institutions at Yamuna Nagar, Radaur & Ghaziabad. None of these institutions bore his name since the aim was selfless service to the society and not to earn personal fame.

Ch. Chhabil Dass Ji, son-in-law of Seth Mukand Lal Ji, played a vital role along with "Mukand Pariwar" in setting up, managing and running various educational institutions and a civil hospital at Ghaziabad. Ch. Chhabil Dass Ji in association with Seth Jai Parkash Ji contributed enormously for the cause of higher education, especially for girls.

In the next generation of the family Sh. Swantanter Kumar, Sh. Ashok Kumar and Sh. Vijay Kumar carried over the tradition of their ancestors and started a number of institutions. Sh. Ashok Kumar, present Chairman, Seth Jai Parkash Mukand Lal Institutions of Knowledge and Service has been guiding the destinies of these institutions with the active assistance of his brother, Sh. Vijay Kumar and Late Ch. Surendra Nath & now Ch. Virender Nath S/o Ch. Chhabil Dass. Excellence in academics, infrastructure, human resource development and congenial working environment are very close to his heart. He expects all to evolve and assimilate the work culture of nurturing talent, transparency, discipline, dedication, alacrity, accountability and constant monitoring. His broad vision, futuristic thinking and benevolence, midas touch, keeps inspiring, encouraging and transforming the Mukandians around him.

The family sincerely believes that the education should be made affordable to all sections of society, providing ample opportunities and resources for all to achieve their academic and personal potentials. With a mission to provide free education and assistance to a minimum of 1000 students and also to arrange placements for 1000 students or more every year a myriad of schemes such as free education, interest free study loans, scholarships, adopting needy children for education & health care have become a regular feature of Mukand institutions.

It is a matter of pride and deep satisfaction that the present generation of the family has already joined this noble venture and are coming with plethora of innovative ideas as required for the changing global needs and challenges.

|| Culture is the widening of the mind and of the spirit ||

JMIETI - A PROFILE

Jai Parkash Mukand Lal Innovative Engineering & Technology Institute (JMIETI) is located in Arcadian, lush green pollution - free biosphere of Radaur at a distance of 18 kms from Yamuna Nagar and 28 kms from Pipli, Kurukshetra. The Institute was established in the year 2012 by the Ved Parkash Mukand Lal Educational Society, Radaur (Regd. in the year 1987).

Sh. Ashok Kumar, the Chairman of the Society and the Governing Body is a leading industrialist, philanthropist of Northern India, managing 28 Institutions of Knowledge & Service spread over the states of Haryana and Uttar Pradesh.

A Board of Governors consists of persons of eminence from the industry and academia who oversee the functioning of the institute. The Institute has been approved by All India Council for Technical Education (AICTE) and is affiliated to Kurukshetra University, Kurukshetra. The institute runs professional academic programmes of B.Tech. & BCA . The primary aim of Institute is to maintain high standards of technical education to equip the youth of the nation to face the tough challenges in the competitive world.

JMIETI team won 1st prize in Smart India Hackathon & awarded with Rs. 1 Lakh

VISION

"Excellence through Creativity & Innovation"

MISSION

"To produce world class engineers, managers and technologists with training of head, heart and hands employable anywhere in the world."

QUALITY POLICY

At JMIETI, we are dedicated to establishing a premier institution for advanced technical education, fostering creative, innovative, and devoted engineers, managers, and technologists skilled to excel in a globally competitive environment. Our commitment to excellence drives us to continually enhance our educational services through benchmarking and training our teaching and non-teaching staff to meet evolving needs and cultivating exceptional qualities in our students, including:

- Excellent technical competence
- Dynamic personality traits
- High standards of personal conduct
- High moral values
- Responsive to societal needs (including environment)

DEPARTMENTS ...

Applied Sciences & Humanities

OBJECTIVES :

- To create engineers with strong mathematical background, creative thinking and problem solving skills through systematic training.
- To help student understand the significance of application and logical thinking.
- To introduce the basics of Physics, Chemistry, Biotechnology and Environmental Sciences to the students for applications in the engineering fields.
- To design and conduct experiments as well as to analyze and interpret data.
- To impart fundamental economic principles that can assist engineers and managers to take more efficient and economical decisions in their professional life.
- To function on multidisciplinary teams.

THRUST AREAS:

- Solid state physics for studying material properties, nanotechnology, organic farming, environmental science, green technology and mathematical sciences for engineers.

Personality Development

OBJECTIVES :

- To equip students with effective communication, behavioral and soft skills thereby increasing employability quotient.
- To make students capable of handling different situations with grace, style and professionalism.
- To help students to inculcate positive qualities like punctuality, flexible attitude, willingness to learn, friendly nature, eagerness to help others and so on.

THRUST AREAS:

- Group discussions
- Corporate culture
- Placement interviews
- Decision making skills through indoor and outdoor activities
- Life skills

ADDITIONAL INPUT :

- Self introduction
- Writing skills
- Professional writing
- Strategy making & Creative thinking
- Team work & Leadership
- Speaking skills
- Role plays
- Negotiation skills
- Reading skills
- Personal grooming & Formal dressing
- Listening skills
- Basic etiquettes and manners
- Conflict management

Computer Science & Engineering

- Established in 2012
- B.Tech. Intake: 60

OBJECTIVES :

- To enable students to acquire latest technical knowledge and develop the skills needed for a successful start to careers in the computing industry.
- To demonstrate proficiency in problem-solving using the computer.
- To apply the ethical and social aspects of modern computing technology to the design, development and usage of computing artifacts.
- To enable students to design, implement and evaluate a computer-based system, process, component or program to meet desired needs.

ADDITIONAL INPUT :

- Python
- Cloud Computing
- Web Development
- Machine Learning
- Cyber Security

THRUST AREAS:

- PHP
- JAVA
- Android
- Data Structure
- Database Management

- Computer Networks
- Compiler
- UNIX/LINUX
- Operating System
- Software Engineering

Computer Science & Engineering (AIML)
(Artificial Intelligence & MAchine Learning)

- Established in 2020
- B.Tech. Intake: 60

OBJECTIVES :

- To program computers to use example data or experience to solve a given problem.
- Advanced learning solutions imparting knowledge of advanced innovations.
- Ability to design intelligent solutions to problems in a variety of domains and business applications
- AI methods to present a unified treatment of machine learning problems and solutions.
- To enable students to build intelligent machines, software, or applications with a combination of machine learning, analytics and visualization

THRUST AREAS:

- Data Science and Statistics
- Big Data Analytics
- Data Learning & Reinforcement Learning
- Robotics
- Predictive Analytics using R
- Swarm and Bio-inspired Intelligence
- Genetic Algorithms, Fuzzy Logic and Systems
- Natural Language Processing

ADDITIONAL INPUT :

- Python
- Cloud Computing
- Web Development
- Machine Learning
- Cyber Security
- Robotics
- R Programming
- Artificial Intelligence

CAREER OPPORTUNITIES :

Apart from core IT sector jobs, the students with AI specialization can have the following career opportunities:

- AI/ML Analyst
- Software Developer or Python Developer
- Machine Learning Engineer
- Image processing Engineer
- Researcher
- Companies like Amazon, Nvidia, Microsoft, IBM, Accenture, Facebook, Intel etc. are hiring for Artificial Intelligence Roles.
- Data Scientist

Civil Engineering

- Established in 2012
- B.Tech. Intake: 30

OBJECTIVES:

- To produce graduates competent to work successfully in Civil engineering and allied projects, capable of all types of engineering works including design, supervision of works and project management.
- To develop core competency in the students to formulate, analyze and solve civil engineering and allied problems using the principle of mathematics & science and applying basic engineering tools.
- To train the students to understand the origin, working principles, and outcomes of civil engineering and allied projects from parts to whole in term of technology, social aspects and environmental aspects.
- To encourage inquisitiveness and innovation in the students and motivate them for lifelong learning.
- To instill confidence, professional responsibility and ethical sense in the students so that they can take significant and leading roles for development of enterprises and betterment of society.

ADDITIONAL INPUT :

- AutoCADD
- Ansys Workshop
- Construction Technology
- STADD Pro
- Research Paper Writing

THRUST AREAS :

- Concrete
- Highway Engg.
- Soil Mechanics
- Fluid Mechanics
- Structural Engg.
- Surveying
- Environmental Engg.
- Transportation
- Civil 3D
- 3ds Max & Revit

Computer Science & Applications

Bachelor of Computer Applications (BCA)

- Established in 2023
- BCA Intake: 60

OBJECTIVES :

- To provide skills in latest software technologies so as to bridge the gap between industry and institute.
- To impart theoretical as well as software and application development knowledge to the students.
- To inculcate comprehensive communication ability that is useful during professional communication and leading of teams in future.

THRUST AREAS:

- Live Projects
- Web Designing
- Object Oriented Programming
- Java
- Algorithm Design
- Computer Networks
- Python
- Relational Database Management System

CENTRES OF EXCELLENCE - Chasing Perfection

JMIETI has a vision not to increase the quantity of degree holders but to produce skilled graduates with quality education to enable them to be a productive part of the Indian economy.

JMIETI has taken initiative and established advanced labs with skilled resources for students as centers of excellence. Following are the centers of excellence running:

QUALITY CONTROL & MATERIAL TESTING - CIVIL ENGINEERING

- Helps in assessing the properties of materials used in the construction of pavements. Evaluation of materials based on quality and performance is carried out, troubleshooting research and many other applications.
- Used for research and teaching in the field of flexible and rigid pavements and testing pavement materials like soil, aggregates, bitumen, concrete etc. Several instruments in the lab are helpful in conducting design and material characterization test.

- Enable students to carry various experiments regarding compressive and flexural strength, durability test, workability test of various materials used in the pavement construction. All these experiments are intended to determine the quality of soil, aggregates, bitumen and concrete.

Skill Based ICT Lab-PD Deptt.

- Modern Digitized Language Lab.
- The State-of-Art Audio-Visual equipment to help in imparting language skills to enhance communication & soft skills development activities.

CLUBS & SOCIETIES - Learning Through Recreation

JOIN

- Students can pick one or more club from 26 clubs. This is the activities they won't want to miss. Each student club is advised by a faculty or staff member.
- The aim of various activities running under these clubs is to provide students the opportunities for personal and academic growth and to help students develop skills so that they can become good citizens and great contributors in the fields they join.
- Students experience a broad array of cultural, academic, social and political activities. With many of student clubs, there is a club that is right for you. And if not, you can start your own.
- Your participation in activities on campus will prove to be a valuable learning experience. It's also a great way to meet people.
- Life at JMIETI outside the classroom is as interesting and invigorating as you make it.

Email: mukand@mlpschool.edu.in

Mukand Lal Public School was founded in January 1998 in cherished memory of Seth Mukand Lal Ji, by the Mukand family to perpetuate and kindle Mukandian Philosophy of Love and service among the generations to come. The school is affiliated to Central Board of Secondary education (CBSE), New Delhi. The school has adopted informal way of teaching and learning process to make it Alma Mater of Citizens of India, imbibed with high sense of character. Due emphasis is laid on VALUE EDUCATION in which ethics, morals, beliefs of great philosophers form the bases of character building respecting all religions and school of thoughts. Education is a life-long process, but it must develop from firm and broad foundation. The goal is to train its students to learn by themselves and inculcate a desire to excel at every level by equipping them with the intellectual and practical skills necessary to meet the challenges inherent in the future. Our endeavour is to assist the student to re-discover and use his/her potential to the maximum.
